5. 研究活動報告/ Research Report

(1) 研究活動の概要/ Summary of Research Results

I collected historical materials at the Medical Library at the University of Tokyo, at the National Diet Library, and at the Tokyo Metropolitan Central Library. I met with Professor Suzuki Akihito, my host as well as Professor Iijima Wataru of Aoyama University. Professor Iijima and I put together a round-table panel for the Japanese Society of Public Health meeting this October in Kofu City. I lectured in his class. I also visited the Meguro Parasitological Museum and met with the Director Dr. Kuramochi Toshiaki. The documents I collected during my fellowship will be the basis for my future research and writing.

(2) 研究キーワード/ Keywords

Dysentery, Typhoid Fever, Parasite Disease, History of Japanese Public Health

(3) 主な研究発表 (雑誌論文、学会、集会、知的財産権等)/ Main Research Publications

I presented original research on the history of dysentery prevention at the 科研「近現代東アジアにおける「健康観」形成の比較史研究」研究会 meeting in Naha City.

(4) その他/ Remarks

Many thanks for supporting my research.
